**Subject:** RE: Re-testing of Drug Certs / [REDACTED]

Garrett,

I have conferred with the lab supervisors regarding your inquiry. Quantitative determinations (purity test) are not routinely done at the JP Drug lab. A quantitative determination was not done when the sample was first tested in the JP drug lab. We would have no basis for comparing the results of quantitative testing with the previous testing. What would be gained from conducting a purity test at this time? Additionally, the retesting has already been completed by Kate Corbett.

Unfortunately, given our backlog situation, conducting a purity test would not be given top priority at this time. I am including lab supervisors, Ken Gagnon and Charles Salemi on this email if you have any further questions.

Please let me know if I can help you further.

Elisabeth

**Subject:** Re-testing of Drug Certs / [REDACTED]

Elisabeth,

Thank you for all of the courtesy you have given me with having drugs retested. I have another case in which I am requesting a re-test of drugs. The Taunton PD brought the drugs up on 08/13. The defense attorney has requested that the Lab conduct a purity test. Would you please let me know if that is possible? If not, the defense attorney will ask the court for an order to conduct the test and/or ask for an outside lab to conduct a purity test. I would much prefer your lab to do the testing if possible.

Kindly let me know your position on this request. The case is currently scheduled for trial on 9/24. We have a final court date on 09/13.

Thanks,

Garrett

**Subject:** Drug Certs

Dora,

Would you do me a favor and check on a cert for me? The Case is [REDACTED]  
[REDACTED] I think that I might have requested to have this sent back up to the lab for re-analysis. Can you check to see if that has been done? If so, would you please send me the new cert? If the drugs have not been sent back up for re-analysis, would you please take these up as soon as possible?

Thanks,

Garrett
